Within Aerobooks, you can swiftly manage the permitting process, approve or deny flight permits requests and issue flight clearance permits. Each flight permit is generated with a unique reference number, and the operators have the flexibility to make bulk or advance permit payments via cash, e-wallet, or credit.
FULLY COMPLIANT WITH EURO-CONTROL CENTRAL ROUTE CHARGES OFFICE (CRCO) AND INTERNATIONAL AIR TRANSPORT ASSOCIATION (IATA)

This modern billing system makes the process of invoicing and collection easier, ensuring the electronic bills are fully compliant with the CRCO and IATA. With its advanced data gathering capability, Aerobooks eliminates some major issues CAAs and ANSPs faced over the years, such as their ability to apply accurate aircraft MTOWs for each invoice. Now air operators can easily validate and pay their bills.

SWIFT, EFFORTLESS REPORTING

With Aerobooks, you quickly download invoices along with validation data, which results in significant time savings and a more streamlined process. Real time emails and dashboard notifications make it effortless to track activity and prioritize tasks. For financial reporting and audit purposes, airspace usage, traffic volumes, economic values and more, data is always available and can be viewed in tables or graphs. For your convenience, the data can also be downloaded in Excel, HTML, CSV, or PDF.

SECURE. EASY TO IMPLEMENT.

Aerobooks is a secure cloud-based system. It requires no heavy IT implementation and delivers zero downtime with nearly 100% collection record. With automatic updates, you always use the latest version of the system. Your data is always safe. And all backed up. You can access the system from any place in the world with internet connection, using your desktop computer or mobile devices.

YOU HAVE A CHOICE NOW. WE ARE HERE TO HELP.

Aerobooks is a new choice for a more cost-effective, yet comprehensive, aeronautical billing and collection solution. And we will be happy to showcase Aerobooks to you. Please contact us at info@adacel.com and we will reply promptly. We are here to help!
